DETAILED ACTION

1. Claims are rejected under 35 U.S. 101 as shown in paragraph 2 of the previous office action mailed July 26, 2006. In addition amended claims discussed abnormal actions but they are silent about normal actions. Therefore it strongly affirmed that the claimed invention fails to establish tangible result.
2. Applicant's arguments with respect to claims 1-26 have been considered but are moot in view of the new comment shown above which is necessitated by the new amendment.
3. Applicant's amendment necessitated the new ground(s) of argument presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
